WE WANT YOU

Students with an **Associates Degree** in Business Administration or Information Technology.

Students who live in the **Greater Washington DC area** and wish to complete an undergraduate degree at Virginia Tech's Falls Church (2020-2022) or Innovation Campus (projected 2023).

Students who seek to fill one of the **50,000+ open positions** in cybersecurity the metro area.

Students who seek a **direct path** into the Virginia Tech Masters of Business Administration, Masters of Information Technology, or Masters of Engineering programs in the metro area.

WHY BIT CYBER?

BIT Cyber, officially Cybersecurity Management & Analytics, is a **STEM Major** that emphasizes business processes and data analytics as applied to cybersecurity management. Students will gain proficiency in cyber policy, risk assessment, incident business response, using data analytics and AI to understand attacks on business assets, and overall management of the cybersecurity function within a business. Graduates of the program will be prepared for jobs as analysts, auditors, and planners within the cybersecurity function.

BUSINESS INFORMATION TECHNOLOGY STATS

#1 BIT is the **most recruited major** at Virginia Tech, the largest major in the Pamplin College of Business, and the second largest major at Virginia Tech.

#1 Most Popular Program in the nation for **Management Science & Quantitative Methods** (i.e. Analytics) by College Factual

94% Placement rate of BIT Graduates

\$78K Median starting salary. the top 25% of BIT students have a median starting salary of \$78,000 and an average signing bonus of \$5,000
